 $\sigma\eta = -2,10$
 8/2/05 Reelle $\sigma\eta = (120^\circ - 0,25) - 3$
 $\sigma\eta = -3$

The diagram illustrates the arrangement of teeth in a human dental arch. The upper arch is shown with teeth numbered 1 through 8 on both sides, starting from the central incisors (1) and moving towards the molars (8). The lower arch is similarly numbered 1 through 8 on both sides, starting from the central incisors (1) and moving towards the molars (8). The diagram is divided into four quadrants by a vertical and a horizontal line, with the letters 'D' and 'G' marking the ends of the horizontal line.
