A diagram of a human dental arch, likely a maxillary (upper) arch, viewed from the front. The teeth are numbered 1 through 8, starting from the central incisors (1) and moving outwards to the molars (8). The numbering is symmetrical on both sides. The diagram is divided into four quadrants by a vertical line (midline) and a horizontal line (intercusp line). The quadrants are labeled with letters: 'H' at the top, 'B' at the bottom, 'D' on the left, and 'G' on the right. The teeth are shown in a simplified, schematic manner, with the crown and root areas indicated by lines.
