A diagram of a human dental arch, likely a maxillary (upper) arch, viewed from the front. The teeth are numbered 1 through 8 on both sides, starting from the central incisors (1) and moving towards the molars (8). The arch is divided into four quadrants by a vertical line (H) and a horizontal line (D). The quadrants are labeled: H (top), B (bottom), D (left), and G (right). The teeth are shown in a simplified, schematic style, with the central incisors (1) being the largest and the molars (8) being the smallest.
