A diagram of a human dental arch, likely a maxillary (upper) arch, viewed from the front. The teeth are numbered 1 through 8, starting from the central incisors (1) and moving outwards to the molars (8). The numbering is symmetrical on both sides of the midline. The diagram is divided into four quadrants by a vertical and a horizontal line. The quadrants are labeled with letters: 'A' at the top, 'B' at the bottom, 'C' on the left, and 'D' on the right. The teeth are shown in a simplified, schematic style, with the crown and root areas clearly defined. The central incisors (1) are the largest and most prominent, followed by the canines (2), premolars (3), and molars (4, 5, 6, 7, 8).
