The diagram illustrates the arrangement of teeth in a human dental arch. The arch is divided into four quadrants by a vertical line (H) and a horizontal line (D). The teeth are numbered 1 through 8, starting from the center (incisors) and moving outwards (molars). The quadrants are labeled H (top), G (right), B (bottom), and D (left).

This image shows a blank, aged, cream-colored page, likely an endpaper or flyleaf of a book. The paper has a slightly textured appearance with some faint smudges and discoloration, characteristic of old paper. The left edge of the page shows the binding, with visible stitching or staples. There is no text or other markings on the page.
